

“An absolutely incredible service. This is the first time that I have seen a complete service bringing together possible local funding streams. It is invaluable to know, when fundraising, what statutory funding is available before approaching Trusts and other funders.”

Spurgeons Childcare

Community Sector

How do I keep up to date on funding developments?

The **Funding Alert Service** provides quickly and easily, accurate and clear information on potential funding sources for voluntary and community organisations.

It saves hours of painstaking searching, and enables you to get to the funds you need faster, focusing your attention on putting together high class applications.

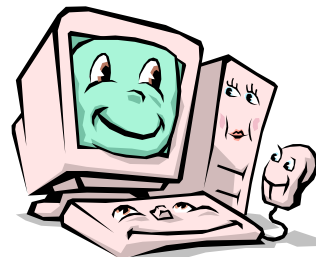

Our current subscribers have reported gaining a total of about £500,000 in new funding as a result of the information provided.

A modest subscription (£10-£30) depending on type of organisation and annual income entitles you to 12 monthly issues of the Alert.

Typically each issue of the **Alert** presents information in a number of sections

- Recent details of Trusts and Foundations
- Latest **Lottery** information
- **Government** sources of funding
- **European** information
- **Other sources** of funding e.g. Comic Relief, one-off awards and programmes
- **A News** section
- Forthcoming Events
- A regular slot on **Fundraising Techniques** – examples include putting on community fundraising events, writing a fundraising strategy, funding core costs and communication skills

Each issue consists of 25-30 pages

“The CVS Funding Alert Service is by far the most useful, comprehensive and regular of the several similar services that I access, on behalf of an organisation that covers three counties, three Unitary authorities and three regions.”

Northampton Youth Ministry

“Since we became recipients of your Funding Alert Service, our donations have easily doubledCVS Funding Alert Service is now of inestimable value to us.”
